ACKNOWLEDGEMENT

The Bachelor of Multi Media and Communication (BMMC) Programme is considered as one of the new generation courses in the academic sphere. The scheme and curriculum of this programme is the outcome of the theoretical and practical inputs of likeminded academicians and professionals from communication, media and allied sectors. The BMMC curriculum is designed to provide opening for students to cultivate the basic skills in Communication, Journalism, Multimedia, Television Production, Design, Animation, Creative Writing, Digital Journalism and Dramatics with Interactive Applications.

We are grateful to all those who have helped us immensely for the completion of the scheme and curriculum of BMMC Programme of Kannur University. There are many persons whose support and guidance have contributed in the making of the scheme and curriculum of this new generation course a reality.

We express our profound gratitude to the Honourable Vice Chancellor, Pro-Vice Chancellor, Members of the Syndicate and the Academic Council of Kannur University for their leadership and guidance for making this effort a great success.

We thank the Registrar of the University, both Academic and Finance sections of the University, the members of expert Committee and all the staff of Kannur University for the service and support.

The successful completion of the scheme and curriculum of BMMC Programme is the end product of hard work by academicians and eminent media professionals. We would like to thank Resul Pookutty, Dr. Deepan Sivaraman (Dean, School of Culture and Creative Expressions, Ambedkar University, Delhi), Muhammed Ansar

(Associate Professor, NIFT, Kannur), Amalesh Vijayan (Associate Professor, K R Narayanan National Institute for Visual Science and Arts), David Thomas (Photographer, USA), Neeranjali Varma (Documentary Maker, Canada), Dr. Joseph K Job (Associate Professor, Mary Matha College, Mananthavady), Dr. Seena Johnson (Assistant Professor, Jain University, Kochi), Aswanth G Krishnan (Assistant Professor, Jain University, Bangalore) and Shiju Kannan (PhD Scholar, Mass Communication and Journalism, Kannur University) for their academic and creative contributions.

On behalf of the Expert Committee of
Multimedia and Communication,

Dr. Shaju P. P.

Convener, Expert Committee, BMCC

Kannur University, Thavakkara, Kannur

INTRODUCTION

Kannur University has undertaken a mammoth task of preparing the scheme and curriculum of Bachelor of Multi Media & Communication, keeping with the outcome based education implemented in colleges affiliated to Kannur University from 2020 admission. As **media and communication** sectors are becoming ever more diverse and innovative, academic degrees in **communication and multi media studies** are also growing in demand and reputation. Information technology and advent of new media platforms have brought phenomenal changes in human communication systems and news dissemination. The BMMC graduates can tap the immense potential of the ever expanding opportunities of the media centric economy.

The Expert Committee in Multimedia & Communication has prepared the scheme and curriculum of the new generation Bachelor of Multimedia & Communication (B.M.M.C) programme sanctioned by the Government of Kerala for the academic year 2020-21. Though the time given for preparing the scheme and curriculum was short, the expert committee with the support of many academicians, scholars and professionals has tried our best to produce a comprehensive curriculum for B.M.M.C programme. The Committee organised a four day workshop on November 27-30, 2000 with experts from media, multimedia and communication and consulted academicians and professionals from literature, journalism, media, theatre and entertainment industry to prepare and finalise the scheme and curriculum.

KANNUR UNIVERSITY

Bachelor of Multi Media & Communication (B.M.M.C.)

Batchelor of Multi Media & Communication (B.M.M.C.) an undergraduate programme under the Faculty of Journalism of Kannur University, consists of Journalism and Multimedia as core subject with complementary elective subjects. The duration of the programme is six semesters distributed in a period of three years.

Programme Specific Outcomes (PSO) of B.M.M.C.

After successful completion of three year degree program in B.M.M.C, a student should be able to:

PSO1: Develop the skills of art and communication

PSO2: Equip with the art and craft of visual communication

PSO3: Emerge as media professionals matching the human resources required in the media and entertainment industries

PSO4: Provide immense theoretical knowledge in communication and multimedia

PSO5: Provide practical exposure in media industry

PSO6: Cater the need of media and entertainment sectors

PSO7: Develop creative writing, critical reviewing and Journalistic skills.

COURSES

The number of courses required to complete the programme shall be 40. 'Course' means a segment of subject matter to be covered in a semester (traditionally referred to as paper). The courses include English Common Course, Additional Common Course, General Awareness Course,

Complementary Elective Courses, Core Course and Generic Elective Course. 'Common English Course' means compulsory English courses (two courses each in first and second semesters). 'Additional Common Courses' are language courses selected by the student as his/her own choice. (One course each in first and second semesters). 'General Awareness Courses' are course offered for LRP (Language Reduced Pattern) programmes. General awareness courses are offered in third and fourth semesters. The syllabi of general awareness courses include the topics related to Communication, Journalism, and Multimedia. 'Complementary Elective Course' means a course which is generally related to the core course.

There are eight Complementary Elective Courses and four general elective papers during first to fourth semesters.

'Core course' means a compulsory course in a subject related to a particular degree programme. The core subject B.M.M.C consists of 14 theory courses, 3 practical courses and 1 Internship experience course must be done at Media Industry/Entertainment Industry (Newspaper/Radio station/Advertising Agency/Television Channel/Feature film or documentary Production/Animation/Sound recording Production; from Institutions/ Media houses/Projects National or state reputation). A compulsory study tour having the duration of minimum ten days by visiting nationally reputed institutions is a prerequisite. Each student must submit a separate tour diary after the tour for the internal and external evaluation.

There will one mini and one major project; student should submit the same in fourth and six semesters respectively.

There will be a practical examination of Core and complementary papers after fourth and six semesters. The projects evaluation and practical exams after fourth and six semesters must be evaluated by an external examiner. A final portfolio record combining all practical oriented methods of each semesters and individual collections of course related materials (Drawings/Caroons/Posters/Creative writings etc.) must be submitted during the final project evaluation. Separate marks (Internal and External) should be given to the same.

The breakup of the courses is as follows;

COURSE CODE

Each course shall have a unique alphanumeric code number, which includes the semester number (1 to 6) in which the course is offered, the code of the courses A to D viz., Common English Courses/Additional Common Course/General Awareness Course (Code A), Core courses (Code B), Complementary Course(Code C) and Generic Elective course (General) (Code D), the serial number of the course (01, 02.....) and abbreviation of the subject in three letters ('BMC' for Core papers).For example, 2B02BMC represents second semester Core course 2 in BMMC

ELIGIBILITY FOR ADMISSION

Candidates who have passed in Higher Secondary Examination of the state or an Examination accepted by the University as equivalent thereto. Total marks of the qualifying examination + a weightage of 10 marks will be given to those who have studied Journalism as optional at the qualifying examination.

EVALUATION PROCESS

Attendance

Minimum 75% attendance is compulsory for theory as well as practical courses, failing which a student is not eligible to appear for university examinations.

Seminars/Assignments

These are part of the curriculum and are to be critically assessed for Internal Assessment. Marks should be awarded based on the content, presentation and the effort put in by the student. The course teacher may

give the topics for seminars / assignments. The topics shall be related to the syllabus of the course and is not meant for external evaluation. The format of the assignment is given in Appendix I.

Project work

Every student of B.M.M.C. Programme shall have to work on a project of sixth credits under the supervision of a faculty member as per the curriculum. The project consist of mini and major. Students shall submit their mini and major project after fourth and sixth semester respectively. The minor project work shall starts first semester onwards and major project on fifth onwards. Individual projects of aesthetic, creative and artistic value of any sorts are recommended. The format of the title page of Dissertation is given in Appendix II

Internship

Each student shall undergo a minimum of fifteen days internship training in communication/ media/multimedia/Newspaper/ /advertising/television/animation/film industry under the supervision of a faculty member as per the curriculum in sixth semester. They should visit and undergo in training in various media institutions of reputed status. They should carry out works assigned to them by the course teacher. Every student shall maintain a Diary to record the observations, data and other relevant information. Each student shall submit a Report based on his/her Diary. The Report, certified by the supervising teacher, shall be evaluated by the external examiner appointed. The format of the title page of the Report is given in Appendix III

Practical Records and Submission Record

As part of the BMMC programme each student shall prepare and submit a record book as per the direction from the department. The student will not be permitted to appear for practical examinations without certified practical records. The valuation of records should be based on the effort and promptness of the student in practical works. There shall be two record books for the entire programme. Though the evaluation of the record will be done at the end of semester, it is mandatory to submit the first and second records during the fourth and six semester practical examinations respectively. Each practical experience should be recorded with proper methodology and citation in the record book. Each practical must be duly signed by the concerned faculty member in the record book. In addition, tour diary must be documented with proper photographs and tour itinerary in the second record book.

Submission

B.M.M.C. programme encourages and values individual efforts and creativity of each student. During the course, each student shall collect, make and create their own portfolio submission based on their creativity and aesthetic sense. Topic can be varied from Journalism, communication to multimedia. The submission should reflect the artistic expression of students. Though the final evaluation of submission, will be in the sixth semester, internal marks will be awarded based on the quality and novelty of the submission. Plagiarism should be checked before the submission. If such malpractices are noted, the submission must be rejected.

Study Tour

As part of the completion of the BMMC course, a study tour not exceeding ten days is compulsory. Those who fails to attend the study tour and submit the tour dairy shall not be attend the final practical exam. Such students should complete the study tour programme with the subsequent batch for appearing the final practical examination. This tour offers students the opportunity to learn and understand various industries of national reputation vis-à-vis Universities, Newspaper industries, media organisations, entertainment industry, news channels etc. Through the study tour, students gain first-hand exposure to media/entertainment professionals, operations, and various offices.

Course Evaluation

The evaluation scheme for each course shall contain two parts

- a) Internal Assessment - 20% Weight**
- b) External Evaluation - 80% Weight**

The distribution of marks for each course is given below.

Scheme of mark distribution of B.M.M.C. programme

Courses	No of Courses	No of Courses	Marks per course			Total Marks
			Internal	External	Total	
Common	English	4	10	40	50	200
	Additional	2	10	40	50	100
General Awareness	Theory	4	10	40	50	200
Complementary Elective	Theory	8	8	32	40	320
Core	Theory	13	130	520	650	650
	Practical	3	30	120	150	150
	Project	2	23	77	100	100
	Internship	1	6	24	30	30
	Record and submission	1	5	20	25	25
Generic Course		1	5	20		25
Total						1800

Internal Assessment:

20% of the total marks in each course are for internal assessment. The marks secured for internal assessment only need be sent to university by the colleges concerned. The internal assessment shall be based on a predetermined transparent system involving written test and assignments/ seminars/ Viva/ in respect of theory courses and records, submissions and test paper in respect of practical courses. Components with percentage of marks of Internal Evaluation of Theory and Practical Courses are given below.

THEORY COURSES	
Component	Weightage
Test Paper	50
Assignment/ Seminar	50
Total	100

PRACTICAL COURSES	
Component	Weightage
Test Paper	50
Practical Record and Submissions	50
Total	100

(If a fraction appears in total internal marks, nearest whole number is to be taken)

External Evaluation

Each student should go through the evaluation process according to the Kannur University Regulations for UG Students, 2019. External evaluation carries 80% of marks. The Scheme of Examinations and Model Question Papers of all the theory and practical courses offered under core, General Awareness and Generic Elective courses are given along with the course contents of each course.

Project Evaluation

Evaluation of the Project Work shall be done under Mark System at two stages:

- a) Internal Assessment (supervising teachers will assess the project and award internal Marks)
- b) External evaluation (external examiner appointed by the University)

Marks secured for the project will be awarded to candidates, combining the internal and external Marks. The internal to external components is to be taken in the ratio 1:4. Assessment of different components shall be taken as below.

Internal (20% of the Total)		
Components	% of Marks	Marks
Literature Review/Field Work/Use of Data	20	2
Project Report	40	8
Presentation & Viva-Voce	40	5
Total	100	15
External(80% of Total)		

Components	% of Marks	Marks
Relevance of the	20	10
Topic, Statement of objectives, Methodology, Reference		
Quality of Analysis/Use of statistical tools, Findings and Recommendations	40	30
Viva-Voce	40	20
Total	100	60

Pass Conditions:

Submission of the Dissertation and presence of the student for viva are compulsory for the evaluation. No marks shall be awarded to a candidate if she/he fails to submit the Dissertation for external evaluation. The student should get a minimum of 40% marks for pass in the project. There shall be no improvement chance for the Marks obtained in the Project Report. In an instance of inability of obtaining a minimum of 40% marks, the project work shall be re-done and the report should be re-submitted along with subsequent exams through parent department. Evaluation of internship Experience shall be done under Mark System at two stages. Internal Assessment by the supervising teacher

and External Evaluation by the examiner appointed by the University. The internal to external components is to be taken in the ratio 1:4. Assessment of different components may be taken as below.

Internal (20% of Total)		
Components	% of Marks	Marks
Internship performance/Involvement	75	3
Internship Diary	25	1
Total	100	4

External(80% of Total)		
Components	% of Marks	Marks
Internship Report	62.5	10
Viva -Voce	37.5	6
Total	100	16

Pass Conditions:

Submission of the internship Diary, Report and presence of the student for viva-voce are compulsory for the evaluation. No marks shall be awarded to a candidate if she/he fails to submit the Report for external evaluation. The student should get a minimum of 40% marks for pass in internship and there shall be no improvement chance for the Marks obtained. In an instance of inability of obtaining a minimum of 40% marks, the internship must be re-done and the report should be re-submitted along with subsequent exams through parent department.

Core Course

Core Course-1 Introduction to Communication and Multimedia

Semester	Course Code	Hours per week	Credit Exam	Total Hours
I	1B01BMC	2+1	3	3

Course Outcome:

1. To introduce students with the basic concepts of communication and multimedia.
2. To attain the basic concepts of communication.
3. To understand the evolution of mass communication technologies.
4. To obtain the ability to navigate the various branches of mass communication.
5. To gain the capacity to examine the working of the media and to develop better perspectives of media.

Unit I

Definition of communication, evolution of human communication, elements of communication, types of communication: Intra, inter, group, organizational, public and mass; Verbal and nonverbal communication, barriers of communication.

Unit II

Concept of Mass; Evolution of mass communication and mass communication technology; Invention of printing and democratization of knowledge.

Unit III

Nature, characteristics, functions and dysfunctions of mass media.
An overview of folk media, print, radio, TV, film.

Unit IV

Definitions and characteristics of multimedia media, evolution of multimedia. Digital media and social media platforms, citizen journalism, impact of multimedia on conventional media, digital divide.

Unit V

Freedom of speech and expression in Indian Constitution, Article 19(1) (a), reasonable restrictions, press freedom index, IT Act 2000. Media ethics, defamation, censorship, plagiarism.

Practical assignment

- Preparation of various communication models, Multimedia chart and mimes for nonverbal communication
- Preparation of new communication models using individual creativity
- Creative communication tools

Model Question

1Bo1BMC: Introduction to Communication and Multimedia

Time: 3 Hours

Maximum Marks: 40

**Part A - Answer all questions, each not exceeding 50 words.
Each question carries 1 mark.**

1. Intrapersonal communication
2. Noise
3. New generation films
4. Information Technology Act (2000)
5. Article 19(1) (a)
6. Youtuber

(6 X 1 = 6)

**Part B - Answer Any Six, each not exceeding 75 words. Each
question carries 2 marks**

7. Feedback
8. Reasonable restrictions
9. Censorship
10. Press Freedom Index

11. Plagiarism
12. Kinesics
13. Community radio
14. Organisational communication

(6 x 2=12)

Part C - Answer Any Four, each not exceeding 150 words. Each question carries 3 marks

15. What are the characteristics of new media?
16. Explain the important dysfunctions of mass media.
17. Define defamation. What are defences in defamation cases?
18. Examine the role of 'Facebook' as a tool of political communication.
19. Describe the role and responsibilities of a journalist in a democratic society.
20. Define digital divide. How does this divide pose challenges to democracy?

(4 x 3=12)

Part D - Answer Any Two, each not exceeding 300 words. Each question carries 5 marks

21. Explain the characteristics of film as a medium of mass communication.
22. What are the barriers of communication? How do we overcome these barriers?
23. Explain the nature, scope, and limitations of new media.
24. 'Invention of printing is considered as one of the greatest inventions in the world which was instrumental in the democratisation of knowledge.' Comment.

(2 x 5=10)

Core Course-2 Basic Drawing Techniques

Semester	Course Code	Hours per week	Credit Exam	Total Hours
II	2B02BMC	2+1	3	3

Course Outcomes

1. To inculcate a basic knowledge on drawing.
2. Have an understanding about computer drawing techniques.
3. To familiarize with various shading techniques.
4. To know about various colouring possibilities.
5. To understand colour psychology and develop perspectives in drawing.

UNIT I : BASICS OF DRAWING

Drawing basics, material handling and understanding, teaching variety of lines, vertical, horizontal, diagonal, curved lines, dotted lines, and basic shapes, forms, geometrical shapes and non-geometrical shapes, drawing balance, paper balance, freehand drawings, creating image using combinations of different lines.

UNIT II : SHADING TECHNIQUE

Light and Dark, and teaching different tonal values, teaching different shading technique, shading with different objects, Fine shading and academic style shading, natural light shading and artificial light shading,

study of different textured shading objects, creating different textured shading, study of low and high light tonal values, explain mid tone shadings creating art image using all shading technique.

UNIT III: PERSPECTIVE DRAWING

Perspective drawings, Explain eyelevel line, vanishing line and vanishing point, teaching types of perspectives, one point perspective, two point perspective, and three point perspectives, study of perspective in buildings cape, learning intercross measuring meatheads, applying all three perspective in basic geometrical shape, seascape, cityscape.

UNIT IV : COLOUR CHARECTERISTICS

Brief History of colors, Color fundamentals, What is colour, Primary Colours, Secondary Colours, Tertiary Colors, Properties of colour, Hue Value, Tints and Shades, Saturation, Tones, neutral Colours, Theories of Colors, Colour Temperature: Warm Colours, Cool Colours, Colour Systems, Colour Wheel, Munsell, Goethe theory, Runge theory Itten theory,color mixing and color discernment, colour effects

UNIT V : COLOUR PSYCHOLOGY

Color Symbolism, Color Psychology, Historical& Contemporary use of Color, Local color and subjective use of color , Emotional effects of colours Personal Colour preferences, Harmony and Contrast colours.

Practical

- Make sketches of five day to day articles and render it according to the material it is made off. The roughness shine etc. should be discernible.
- Make a two point perspective drawing of a street at the cross roads
- Using collected pictures and texts from newspaper and magazines, design a campaign poster on any one of the following
 - Global warming
 - Covid -19
 - New India

Model Question

2Bo2BMC Basic Drawing Techniques

Time : 3 Hrs

Maximum Marks: 40

Part A - Short answer. Question Answer All. Each question carries 1 mark

1. The technique of shading using density of dots is called _____
2. Color blind people cannot distinguish between _____ and _____
3. _____ color is used to describe a relaxed mood
4. The outline of a form is called a _____
5. Hatching is a technique of _____
6. In a perspective drawing all line converge at the _____

(6 X 1 = 6)

Part B- Short Essay . Answer any Six, not exceeding 75 words. Each question carries 2 marks.

7. What does HB in a pencil stand for?
8. What are complementary colors?
9. Differentiate between tone and hue of a color.
10. What is RGB and in which medium is it used ?
11. What are serif and sans serif type faces ?
12. How many faces does a cube have
13. Differentiate between a vector and raster image.
14. What are complementary colors ?

(6 x 2=12)

Part C- Essay Questions. Answer any Four, not exceeding 150 words. Each question carries 3 marks

15. If you spin a color wheel you can see white. But if you mix seven colors in poster paint you get a dirty dark color. Why?
16. Explain how light and shade helps us in doing our daily activities.
17. Why are print design softwares vector based ?
18. Discuss color temperature and its application in signage design.
19. Shade and shadow are created when a light source falls on an object. How are they different?
20. Name a geometric object and organic object and list down the characteristics of both.

(4 x 3=12)

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks

21. Green Room is a space behind the stage where the performers wait for their act. Why is it called by that name? Discuss the psychology behind the color.
22. Art is the first form of human expression. Support this statement using the phenomena of cave paintings.
23. What is Gestalt Principles? Discuss each principle with example.
24. Discuss any three art movements and do a comparative study of them.

(2 x 5=10)

Core Course-3 Introduction to creative writing and communication

Semester	Course Code	Hours per week	Credit Exam	Hours
III	3B03BMC	3+1	3	4

Course Outcome:

1. To familiarize with various literary forms and genres.
2. To get trained in creative writing practices.
3. To understand old as well as contemporary writers and their literary styles.
4. To understand critical appreciation and criticism of literary works.
5. To inculcate a reading habit among students.

Unit 1: short story and flash fiction

Short story as a narrative form- reading of selected short stories and discussion- definition and scope of flash fiction.

Short stories and flash fiction for detailed reading & discussion:

1. The Cope and the Antem-O Henry
2. One Of These Days-Gabriel García Márquez
3. Draupadi-Maheswatha Devi
4. Karma-Kushwant Singh
5. Komaala-Santhosh Aechikanam

Flash fictions of: Ernest Hemingway, Franz Kafka, Margaret Atwood, Lydia Davis, Banaphool and P K Parakkadavu.

Unit 2: Poetry and Haiku

Definitions and examples of poetry and Haiku- five sample poems of great poets and Haiku poems for study and analysis.

Poems for detailed reading & discussion:

1. Ode to a Nightingale- John Keats
2. The Dover Beach- Mathew Arnold
3. Journey of the Magi -T. S. Eliot
4. Phenomenal Woman-Maya Angelou
5. Stammer-K Satchidanandan

And selected Japanese Haiku poems, Rumi poems, Haiku poems by other writers.

Unit 3: Novella

Definitions and study of Novellas- For detailed study:

1. Animal Farm-George Orwell
2. The Broken Nest-Rabindranath Tagore
3. Khabar- K R Meera

Unit 4: Folk tale and communication

Proverbs- Riddles- Folk tales and folk dance as communication- Themes and issues in folk communication.

Unit 5: creativity in communication

How to write creative literature?-Role of creativity in journalistic writing- Introduction to posters and graphic designing- elements of design- translation and copy writing.

Practical

- Make a poetry/ short story/flash fiction/novella collection with original literary writings
- Book spine poetry
- Flash fiction writing
- Caption writing
- Headline writing
- Adaptation of literary works to any other form of art

For Further reading:- Short Stories:

- 1.Vellappokkathil-Thakazhi Sivasankara Pillai
- 2.Viswa Vikhyathamaaaya Mookku-Vaikam Muhammed Basheer
- 3.Prakasam Parathunna Oru Penkutty-T Padmanabhan
- 4.Vaanaprastham-M T Vasudevan Nair
- 5.Asleelam Varuthi Vecha Vina, Oru Dhurantha Sambhavam-Sakariya
- 6.Thiruthu-N S Madhavan
- 7.Nagarathile Kuyil-Shihabudheen Poythumkadavu
8. Comercial Break-Ambikasuthan Mangad
- 9.Anjaamante Varavu-Chandramathi
- 10.Charulathayude Bakki-Priya A S
- 11.Parudeesaa Nashattam-Subash Chandran
- 12.Oru Sensational Abhimukham-K Rekha
- 13.Sankadam-Unni R
- 14.Niyanthrana Rekha- V Dileep
- 15.Pala Vattom Maranam-Amal

Poems: English

1. Home Burial-Robert Frost
- 2.The Dance of the Eunuchs- Kamala Das
- 3.The Striders- A K Ramanujan
- 4..Sinbad-Dim Moraes
- 5.Indian Summer-Jayant Mahapatra
- 6.The opposite of Nostalgia-Jeet Thayil
- 7.Ma/ Mother-Sudeep Sen
- 8.Rape and Murder of a Dalit Girl-S Chandra Mohan

Poems: Malayalam

- 1.Saphalamee Yatra-N N Kakkad
- 2.Gopikaa Dhandakam-Ayyappa Panicker
3. Samkramanam-Aattoor Ravivarma
4. Pala Posilulla Photokal-K G Sanakara Pillai
- 5.Evide, John? –Balachandran Chullikkad
- 6.Thotta Kutty-Rafeek Ahamed
- 7.Group Photo-S Joseph
- 8.Hogenakkal-T P Rajeevan
- 9.Sadhaachaari-Anwar Ali

- 10.Paattu kondum Kooval kondum-Veerankutty
11. Muttamadikkumpol-Anitha Thampy
- 12.Oru Ozhukkanu Avasaanam-Kuzhur Vilson
- 13.Pravachikkapedatha Oru Maranathinte Puravirtham-Syam Sudhakar
- 14.Codeless-Azeem Thannimoodu
- 15.Kunchan-R Lopa

Novellas:

- 1.The death of Ivan Ilyich-Leo Tolstoy
2. Baalyakala Sakhi-Vaikam Muhammed Basheer
3. Baskara Pattelarum Ente Jeevithavum-Sakariya
4. Itra Mathram-Kalpetta Narayanan
5. Nooru Simhaasanangal-Jaya Mohan

Core Model Question

3B03BMC Introduction to Creative Writing and Communication

Time : 3 Hrs

Maximum Marks: 40

Part A - Short answer Questions. Answer All. Each question carries

1 mark

1. _____ is a type of short form poetry originally from Japan.
2. 'Nooru Simhaasanangal' is written by _____
3. Who is Kushwant Singh?
4. 'The Cope and the Antem' is written by _____
5. Define creative communication.
6. Define Novel.

(6 X 1 = 6)

Part B- Short Essay Questions. Answer any Six, not exceeding 75 words. Each question carries 2 marks

7. Experimental poetry.
8. P K Parakkadavu.
9. Differentiate between short story and flash fiction.
10. *Draupadi*
11. Proverbs as a communication medium.
12. Role of creativity in journalistic writing.
13. Discuss various issues discussed in the novellite *Khabar* written by K R Meera.
14. Folk dance as communication.

(6 x 2=12)

Part C- Essay Questions . Answer any Four, not exceeding 150 words. Each question carries 3 marks

15. Media criticism in Vaikam Muhammed Basheer's *Viswa Vikhyathamaaya Mookku*.
16. Write on the literary contributions of Santhosh Aechikanam.
17. What is performance poetry?
18. In the poem 'Stammer' poet says that stammer is not a handicap. It is only a mode of speech. Do you agree with this?. substantiate with your arguments.
19. Discuss issues in translation.
20. Discuss themes and issues in folk communication.

(4 x 3=12)

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks

21. Explain how new generation writers are using media and social media as their themes for creativity? What are the issues addressed by them?
22. Do you think that the cinematic adaptation of 'The Broken Nest' by Rabindranath Tagore is more communicative than the literary work? Discuss.
23. Write on various literary works of experimental nature from past and contemporary literature.
24. Discuss role of creativity in communication.

(2 x 5=10)

Core Course-4 Photography

Semester	Course Code	Hours per week	Credit Exam	Hours
III	3B04BMC	3+2	3	5

Course Outcome:

1. To get basic knowledge about camera and its operation
2. Have an outlook about Photo Journalism
3. To familiarize with lighting and framing rules of camera
4. To know about various photo editing software
5. To understand about professional photography

Unit 1 : Gear

Camera -Aperture, shutter speed, Iso-White balance -Different shooting options like aperture priority shutter priority etc... -Adjusting the depth of field (fashion).Playing with the shutter speed (Sports) -Jpeg vs Tiff vs RAW shooting -Shooting High resolution vs low . Lighting :Flashes, reflectors, light rooms-Lighting up a big room-Lighting for portrait photography-Lighting for fashion photography -Outdoor lighting -Studio lighting. Tethering -Light meter – Reading the light -Adjusting the light system according to the reading of the light meter.

Unit 2: Photography as an Art

Framing -Leading lines -Story telling -Understanding color -Understanding color pallet -Depth of field and negative space -What is beauty?-What is a professional photo?

Unit 3: Post production

Understanding retouching –Photoshop-Adobe bridge -Adobe lightroom
Photoshop tools-Editing RAW image -Color, balance, brightness in editing
-Fundamental question, What is the client want?

Unit 4: Photography as Business

learning the business of photography Photojournalism – the requirements
of organization-art of telling stories with photos- Anticipate- Be
technically ready before the action-Learn the art of getting access

Unit 5: Professional Photography

Fashion ,Product &Food photography- How make things look fresh, warm,
clean etc..

Micro Photography: Using Micro lenses-Event photography : Weddings,
Parties, Games, shows etc.. -How to shoot only with flash-How to shoot
without flash in low light rooms.-How to shoot moving objects in dark
rooms without flash-Shooting social media influencers .

Unit 6: Finding a job

Building a portfolio: both online & offline-Building your online presence
Getting professional recommendations-What to write and not write on
your portfolio -What should be the story you are telling -Show it more
than saying -Learn the life and career of famous people in the field .

Practical

- Create a photo album containing five photographs of each category: CU, ECU, MS, LS, ELS, High Angle, Low Angle, Suggestion shot.
- Create a photo portfolio based on street photography
- Create a photo portfolio based on street food photography
- Create a photo portfolio based on Environmental photography
- Create a photo portfolio based on Product photography
- Create a photo portfolio based on Micro photography
- Create a photo portfolio based on portrait photography
- Create a photo portfolio based on fashion photography • Create a photo album using black and white

2. Michael Langford: ***Advanced Photography***, Focal Press, 2008
3. Mitchell Bearley and John Hedgees: ***New Introductory Photography*** Course, Read Book, 2005

Core Model Question

3B04BMC Photography

Time : 3 Hrs

Maximum Marks: 40

Part A - Short answer Questions. Answer All. Each question carries 1 mark.

1. Light meter
2. RAW image
3. Raghu Rai
4. _____ is the length of time when the film or digital sensor inside the camera is exposed to light.
5. Jpeg
6. Photo journalist.

(6 X 1 =6)

Part B- Short Essay Questions. Answer any Six, not exceeding 75words. Each question carries 2 marks

7. What is depth of field?
8. Who is Sarbat Gula?
9. Differentiate between outdoor lighting and studio lighting.
10. What is a photo essay?
11. What is Adobe lightroom?
12. Framing in photography.
13. Differentiate between fashion and product photography.
14. What is experimental photography?

(6 x 2=12)

Part C- Essay Questions . Answer any Four, not exceeding 150 words. Each question carries 3 marks

15. Why shooting social media influencers are important today?
16. Explain micro photography.
17. What is negative space? Explain.
18. Discuss documentary photography.
19. What are the Photoshop tools for photo editing?
20. Name two internationally acclaimed photographers. Elaborate their photographic contributions.

(4 x 3=12)

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks

21. Write on the scope and possibilities of photo journalism in India.
22. What are the post production techniques in digital photography?
23. What is Event photography? Explain with suitable examples.
24. Why building a portfolio is important for a photographer? Elaborate.

(2 x 5=10)

Core Course-5 Graphic Design

Semester	Course Code	Hours per week	Credit Exam	Hours
IV	4B05BMC	3+1	3	4

Course Outcome:

1. To provide the students the initial information on designing.
2. To understand what is seen in a frame.
3. To understand the application of basic elements and principles in design.
4. To understand designing in raster graphics application.
5. To familiarize with image editing and enhancing techniques.

UNIT I

Digital Image- Pixels – Bit Depth – DPI – LPI - Resolution - File Formats (Print and screen Formats - GIF, JPEG, TIFF, etc.) - Compression: Lossy - Lossless - Raster and Vector Images - Colour: Colour modes-CMYKRGB - Process colour - Spot Colour - Colour systems. Duotones - Tritones - Quadratonnes etc.

UNIT II

Raster graphic software: Interface – Creating Documents – Toolbar – Panels and palettes - –concept of layers-selection tools - Pen – Brush - Transform Tools - Dodge Tool – Colour Sampler – Gradient Tool – Marquee Tool –Custom Shapes –Type – Clone Stamp Tool –Magic Wand Tool etc

UNIT III

Grid and layout: Application of grid in design, Various grid system:Manuscript grid, Column grid, Modular grid, Hierarchical grid etc.

UNIT IV

Design Projects: Design various type of posters: propaganda , event, commercial etc. It must reveal the application of design principles.

UNIT V

Image Editing Project: photo restoration technic- Colour correction methods- treatment of RAW files and its processing etc.

Practical

- Branding design: Company name and logo design, visiting card design, boards, heading's broacher, ID card, Posters, News letter etc.

Reference

- 4.***The elements of Graphic design:*** Alex W. White : All Worth Press, New York.

Core Model Question 4B05BMC

GRAPHIC DESIGN

3Hrs

Maximum Marks: 40

Part A - Short answer Questions. Answer All. Each question carries

1 mark

1. What is Bit Depth?
2. Define Dodge Tool
3. What is Duotones?
4. What is Spot Colour?
5. Write a note on Modular grid
6. Define tritons.

(6 X 1 = 6)

Part B- Short Essay Questions. Answer any Six, not exceeding 75words. Each question carries 2 marks

7. Write a note on application of grid in design
8. Discuss Digital Image
9. Explain Grid and layout
10. Write a note on Print and screen Formats
11. Explain different colour mode
12. Define Duotones
13. Differentiate DPI and LPI
14. Write a note on magic wand tool

(6 x 2=12)

Part C- Essay Questions . Answer Any Four, not exceeding 150 words. Each question carries 3 marks

15. Write a note on different grid system
16. Explain compression method
17. Write a note on toolbar
18. Explain colour system
19. Explain marquee Tool
20. Write a note on resolution

(4 x 3=12)

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks.

21. Explain Raster graphic software with its applications.
22. Write an account on Image Editing.
23. Write about various soft wares used for graphic design.
24. Write in detail about application of design principles.

(2 x 5=10)

4Bo6BMC Core Course-6 Core Practical –I (Introduction to Communication and Multimedia, Basic Drawing Techniques, Introduction to Creative Writing and Communication, Photography , Graphic Design)

Course Outcome:

1. Enable students to practice the skills in drawing,script writing,creative writing, photography and graphic design.
2. To give hands on training and test the skills in the above mentioned areas.
3. To familiarize with various creative methods and possibilities.

Syllabus

- Preparation of various communication models, Multimedia chart and mimes for nonverbal communication
- Preparation of new communication models using individual creativity, Creative communication tools
- Make sketches of five day to day articles and render it according to the material it is made off. The roughness shine etc. should be discernible.
- Make a two point perspective drawing of a street at the cross roads
- Using collected pictures and texts from newspaper and magazines, design a campaign poster on any one of the following
 - Global warming
 - Covid -19
 - New India

- Make a poetry/ short story/flash fiction/novella collection with original literary writings
- Book spine poetry
- Flash fiction writing
- Caption writing
- Headline writing
- Adaptation of literary works to any other form of art
- Create a photo album containing five photographs of each category: CU, ECU, MS, LS, ELS, High Angle, Low Angle, Suggestion shot.
- Create a photo portfolio based on street photography
- Create a photo portfolio based on street food photography
- Create a photo portfolio based on Environmental photography
- Create a photo portfolio based on Product photography
- Create a photo portfolio based on Micro photography
- Create a photo portfolio based on portrait photography
- Create a photo portfolio based on fashion photography
- Create a photo album using black and white
- Branding design: Company name and logo design, visiting card design, boards, heading's broacher, ID card, Posters, News letter etc.

Core Course-07 Videography

Semester	Course Code	Hours per week	Credit Exam	Hours
V	5B07BMC	3+2	3	5

Course Outcome:

1. To introduce the fundamentals of videography.
2. To have an idea about visual language.
3. To familiarize with various elements of visual communication.
4. To understand basics of camera lighting.
5. To get a theoretical background of visual communication.

UNIT 1

Introduction to camera, types of cameras, Camera and its parts, Digital and analogue, Limitations and applications of Videos, exposure triangle, resolution.

UNIT II

Lens and image formation – focal length, F-number, T-number, types of lens, image formation, magnification, wide and telephoto lens, filters, ND filter, normal lens, depth of focus. Video tapes & formats. Types of shots, camera angles, floor management, black body radiation, color temperature, white and black balance, gamma correction, beam splitters, demo camera movements, tripod setting, hand held shots, tracks and trolleys.

UNIT III

Composition, compositions rules, rule of thirds, shot types, camera angles, aesthetics of videography, 5Cs of cinematography, 180 axis of action rule, Imaginary line and continuity, screen directionality. White and black balance. Gain control, Filter selection, color temperature, view finder adjustments.

UNIT IV

Camera movements-panning, tilting, tracking, craning, and zooming, video stabilisation, tripod, gimbal, advanced camera movements, match cuts, frame rate, camera rigs, indoor and outdoor video equipments.

UNIT V

Basics of lighting. Key fill, back light and background light, use of reflectors, outdoor shooting, matching indoor and outdoor lighting. Lighting and exposure. Lighting technology, direct light, diffused light, illumination, units of light - Lux, brightness, contrast. Professional Formats. Image set operations. Hazardous conditions. Safety and security measures. Role of videography in storytelling. The future of Videography.

Practical

Make a short film / documentary / Public Service Announcement (PSA) Video - three minutes duration using various cinematic techniques and camera movements.

Book for reference:

- **Hand book of media in Asia.** (n.d.).New Delhi. Sage publications.

Model Question

5B07BMC VIDEOGRAPHY

Time : 3 Hrs

Maximum Marks: 40

Part A - Short answer Questions. Answer All. Each question carries 1 mark.

1. What is focal length?
2. What is the use of Boom?
3. What is an action camera?
4. What is frame rate?
5. Prepare a note on OSS.
6. What is stop motion?

(6 X 1 = 6)

Part B- Short Essay Questions. Answer any Six, not exceeding 75 words. Each question carries 2 marks

7. Discuss various camera movements.
8. What is composition?
9. Explain the importance of Makeup and dressing sense for TV anchoring.
10. What do you understand by the term headroom and foot room?
11. Why color bars are used in videography?
12. Write notes on NTSC and PAL.
13. Explain different type of cameras?
14. What are the different types of lights? **(6 x 2=12)**

Part C- Essay Questions. Answer any Four, not exceeding 150 words. Each question carries 3 marks

15. What is the white balance? How to achieve perfect white balance?
16. Explain three point lighting.
17. List down and explain various lighting equipment.
18. Differentiate mono and stereo.
19. What impact will high angle and low angle make on the subject?
20. Differentiate zoom lens and prime lens. **(4 x 3=12)**

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks.

21. What are the various shot types? Explain.
22. Explain how digital technology is changing video production these days.
23. What are the 5 Cs of cinematography?
24. Briefly explain the working principle of a video camera with the help of a diagram.

(2 x 5=10)

Core Course-8

5B08BMC Audiography

Semester	Course Code	Hours per week	Credit Exam	Hours
V	5B08BMC	2+2	3	4

Course Outcome:

- 1.To understand the audio studio fundamentals, recording techniques.
- 2.To understand creative use of sound tracks.
- 3.To gain an essential understanding and hands-on experience with the equipment .
- 4.Practice of modern recording techniques and audio production.
- 5.Give practical knowledge to students so that they are able to record and edit using the advanced software like Pro Tools.

Unit I: Basics of Sound and Sound Recording Systems .

Perception of sound - hearing sensitivity - frequency, range - sound wave length - measuring sound - basic setup of recording system - analog digital cables, connectors, analogue to digital conversion.

Microphone - types - unidirectional, bidirectional, omni directional, cardioids; direction, pickup pattern, noise, choosing the right mike,

technique- sound reproduction devices - input devices – various sound file extension.

Unit II: Audio Studio Fundamentals

Introduction to Pro Tools and other audio software. ProTools: Installing Pro Tools. The Pro Tools interface, signal flow, gain stages, I/O setup, types of tracks, creating a new session in Pro Tools, keyboard shortcuts.

Unit III: Pro Tools Recording Techniques

Setting recording levels, sample rate and bit depth, sound wave fundamentals, deeper into sampling, sampling and anti-aliasing, quantizing and coding, hard drive space requirements, disk allocation, session parameters, buffer settings and latency times, the basics of microphones and microphone techniques, Pro Tools preferences, importing audio and session data, keyboard shortcuts, assignment: The ultimate recording.

Unit IV: Creative Use of Sound Track

Recording: busses, playlists, use of dialogue, music and sound effects. Equalisation. Balancing of levels – panning, mixing, the art of producing and recording your own music, memory locations and markers, window configurations and arrangements, using inserts, the basics of effects loops, headphones and headphone mixes.

Unit V: Sound design across industries

Sound design in: Theatre, Television, Film & Video Games.

Practical

Record nature sounds for posting in a 5-minutes' short fiction film (Individual exercise). Create the soundtrack for a 3-minutes film, involving dubbing, foley recording, background music, final mixing (Group project)

Core Model Question

5B08BMC Audiography

Time : 3 Hrs

Maximum Marks: 40

Part A - Short answer Questions. Answer All. Each question carries 1 mark

1. _____ sound refers to sound recorded at the time of the filming of movies.
2. I / O set up.
3. Headphone mixes
4. MIDI
5. Loops
6. Decibels

(6 X 1 = 6)

Part B- Short Essay Questions. Answer any Six, not exceeding 75words. Each question carries 2 marks

7. Resul Pookutty.
8. Noise
9. List various sound file extensions.
- 10.SFX
11. What do you mean by lip synchronisation?
12. Boom man.
13. Sound sensors.
14. Describe Omni-directional microphone.

(6 x 2=12)

Part C- Essay Questions. Answer any Four, not exceeding 150 words. Each question carries 3 marks

15. Various types of sound tracks.
16. What do you mean by audiography? Elaborate.
17. What are the features of dubbing?
18. Discuss sound reproduction devices.
19. What are the major elements and applications of multi-track recording?
20. Explain basic set up of a recording system. **(4 x 3=12)**

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks

21. Write about various sound tracks used in a film of your choice.
22. What are major types microphones? Elaborate.
23. Explain the tools and functions of Pro Tools?
24. 'The production and recording of music is an art', explain this statement with suitable examples. **(2 x 5=10)**

Core Course-9 Film Studies

Semester	Course Code	Hours per week	Credit Exam	Hours
V	5B09BMC	2+2	3	4

Course Outcome:

1. To develop a basic knowledge on cinema.
2. To understand History of cinema.
3. To familiarize with various film movements.
4. To know about evolution of the technology of the film.
5. To understand the politics of cinema.

Unit 1: film as an art

Philosophy of film, cinema and art.

Unit 2: History of the evolution of film technology

Muybridge, early cameras, evolution of the technology of the film

Unit 3: silent era of film

Silent to studio-evolution of film industry

Unit 4: film movements

French Dadaism, French surrealism, German Expressionism, French New wave, Japanese Auteur, East- European film.

Unit 5: Politics in cinema-

Case studies of Latin American and Iranian cinema.

For analysis and appreciation:

Latin American cinema: (1) *Memories of underdevelopment* directed by Tomas Alea, 1968. (2) *Battle of Chile* directed by Patricio Guzman (documentary)

Iranian cinema: (1) *Baran* directed by Majid Majidi, 2001. (2) *The day I became a woman* directed by Marzieh Mashkini, 2000.

Practical

- Film appreciation
- Create video Units of film history
- Film history book
- Film diary

Model Question

5B09BMC Film Studies

Time: 3 Hrs

Maximum Marks: 40

Part A - Short answer Questions. Answer All. Each question carries

1 mark

1. Who is Ramu Kariat?
2. What is Film Genre?
3. What is film appreciation?
4. Who is the director of the film *Through the Olive Trees*?
5. What is Avant-garde?
6. What is Auteur Theory? **(6 X 1 = 6)**

Part B- Short Essay Questions. Answer any Six, not exceeding 75 words. Each question carries 2 marks

7. Tomas Alea.
8. German Expressionism
9. *Swayamvaram*.
10. Silent Era.
11. Why Iran creates some of the world's best films?
12. Write notes on Majid Majidi.
13. Muybridge.
14. Experimental films. **(6 x 2=12)**

Part C- Essay Questions. Answer any Four, not exceeding 150 words. Each question carries 3 marks

15. Who are the major directors of French New Wave?
16. What do you understand by the term 'Film for social change'?
17. Write on the cinematic contributions of Marzieh Mashkini.
18. Discuss politics of Latin American films.
19. What are the different types of early cameras?
20. French Dadaism. **(4 x 3=12)**

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks.

21. Explain the evolution of technology in film.
22. Explain how digital technology is changing film narrative techniques and production.
23. What are the cinematic contributions of Tomas Alea?
24. Describe various film movements of the world.

(2 x 5=10)

Core Course-10 Digital Journalism

Semester	Course Code	Hours per week	Credit Exam	Hours
V	5B10BMC	2+2	3	4

Course Outcome:

1. To develop a basic knowledge on digital news and news gathering
2. To understand the evolution of digital Journalism
3. To equip students to handle various digital media tools
4. To inculcate a critical approach towards new media Journalism

Unit 1:

What are digital media? Basic concepts of digital media, theories of digital media: complexity theory and post-humanism.

Unit 2:

Evolution of Digital Communication-the historical context of computer based communication. Internet, usenet and news groups, researching via internet.

Unit 3:

Finding and Using Online Information, news gathering via digital media tools: mobile phones, internet etc, digital media platforms. Social media networks.

Unit 4

Digital media and new 'lingo'- interrelationship between culture, language and digital media, digital media's influence in Malayalam and English languages and writing style.

Unit 5

Issues in Digital Journalism, Digital News and Politics; Cyber culture, Cyber-crime, Cyber ethics, Cyber activism, cyber democracy through digital media, issues of access and Digital Divide.

Practical

- Create a news blog
- Create individual e-zines
- Produce different story types:(1)Data Story (2)Visual Story (3) Audio Story (4)Text-Based Story

References

1. Stuart Allan, Online news: Journalism and the Internet
2. Maria Bakardjieva, Internet Society: the internet in everyday life
3. Jagadish Steven Jones, Virtual Culture: Identity and Communication in Cyber Society

5. Stefan Herbrechter, Posthumanism: A Critical Analysis 4. Tapas Ray: Online Journalism, A Basic Text
6. Chakravarthy, Cyber Media Journalism: Emerging Technology

Model Question

5B10BMC Digital Journalism

Time: 3 Hrs

Maximum Marks: 40

Part A - Short answer Questions. Answer All. Each question carries 1 mark

1. Wikipedia
2. Kindle
3. Mark Zuckberg
4. Media convergence
5. New media
6. Digital News

(6 X 1 = 6)

Part B- Short Essay Questions. Answer any Six, not exceeding 75words. Each question carries 2 marks

7. Various digital media
8. Write on different news groups
9. What are the possibilities in researching via internet?
10. Dysfunctions of social media network
11. Discuss Cyber ethics
12. www. manoramaonline.com
13. Fake news
14. Complexity theory

(6 x 2=12)

Part C- Essay Questions. Answer any Four, not exceeding 150 words. Each question carries 3 marks

15. Write on cyber democracy through digital media

16. Explain theories of digital media

17. Elaborate computer based communication

18. Online information

19. Digital India and news diffusion

20. Social media journalism

(4 x 3=12)

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks.

21. Elaborate evolution of digital communication

22. 'News gathering via digital media tools is essential in new age journalism', explain.

23. Explain interrelationship between culture, language and digital media.

24. Write about digital media's influence in Malayalam and English languages' writing style.

(2 x 5=10)

Core Course-11 Web designing

Semester	Course Code	Hours per week	Credit Exam	Hours
V	5B11BMC	4+2	3	6

Course Outcomes

1. Basic knowledge on web designing.
2. To develop skills to develop responsive web site.
3. To familiarize with various principles of web designing.
4. To know about internet navigation & HTML forms.
5. To understand about hosting a website & web publishing.

Unit 1: Basic in web design

Internet – history of internet & it's working - internet services - World Wide Web – importance of a website – *Uniform Resource Locator* (URL), IP Address, Web Protocols - web browsers - Domain names - Qualities of a good website – web writing styles – Types of web sites

Unit 2: Principles of web designing

Basic principles involved in developing a web site - Planning process - Golden rules of web designing - web presentation outline – Page design - Home Page Layout - Design Concept - Web File Management - registering web pages - Designing navigation bar

Unit 3: Introduction to HTML

HTML elements – basic structure of an HTML document – creating an HTML documents - HTML Tags and their applications - Commonly used HTML Commands - Structure of an HTML program - Document Body - types of lists in HTML - Working with Text, Lists, Tables and Frames - Working with Hyperlinks, Images and Multimedia - Working with Forms and controls.

Unit 4: Introduction to Web Publishing or Hosting

User interface design with Adobe Photoshop – Webpage Layout – Header – Design aesthetics layouts - website creation process - working with text, formatting, importing, editing text, links adding, modifying, layers, forms - working with templates & shock waves – creating title for web pages – Title Matte - saving & publishing the site

Unit 5 : Introduction to Java

Basics of Java script - Features and characteristics of web authoring tools; interfaces; images - Java Programming - Constants, Variables and Data Types – Operators and Expressions – Decision Making and Branching – Decision Making and Looping. Classes - Objects and Methods – Arrays, Strings and Vectors – Interfaces - Multiple Inheritances- concept of CSS – CSS styling – structure of CSS - creating page & site designs

Practical

- Create a responsive website using HTML and JAVA Script.

Core Model Question 5B11BMC Web Designing

3Hrs

Maximum Marks: 40

Part A - Short answer .Answer All. Each question carries 1 mark

1. WWW stands for.....
2. What is the use of <a> tag in HTML?
3. What are the different heading tags in HTML?
4. URL stand for.....
5. What is the use of password input in an HTML form?
6. What is a checkbox in an HTML form?

(6 X 1 = 6)

Part B- Short Essay Questions. Answer any Six, not exceeding 75words. Each question carries 2 marks

7. Explain about lists in HTML.
8. Give 2 examples for semantic tags.

9. Explain about HTML form validation.
10. Explain about inline, internal and external css styling.
11. Explain about data list and list attribute with an example.
12. Explain about confirm and prompt boxes in java script.
13. Explain about inline, internal and external css styling.
14. Write short note about datalist tag in HTML with an example.

(6 x 2=12)

Part C- Essay. Answer any Four, not exceeding 150 words.

Each question carries 3 marks

15. Explain about different lists in HTML.
16. Explain how tables can be created in HTML with an example.
17. Explain about HTML5 form validation techniques.
18. Explain about inline, internal and external css styling.
19. Explain about structure of an HTML document.
20. Explain datatypes in java script

(4 x 3=12)

Part D- Long Essay. Answer any Two not exceeding 300 words.

Each question carries 5 marks

21. What is meant by Table? What are the tags used for table creation?
What are the different attributes? Illustrate with an example..
22. Explain different types of operators in java script
23. Explain in detail about different form elements, input types and attributes.
24. Design an HTML page which contains a form for accepting basic student details. Explain

(2 x 5=10)

Core Course-12 Media Management

Semester	Course Code	Hours per week	Credit Exam	Hours
VI	6B12BMC	4+1	3	5

Course outcome :

- 1.To conduct research projects at professional standards in the field.
- 2.To develop analytical and problem-solving skills.
- 3.To develop a sound knowledge of respective and integrated attributes of media.
- 4.Manage essential practices and processes of media content production.
- 5.To inculcate the ability to manage various media organizations.

UNIT I

Management: Concept and scope; Principles of management; Theories of management; Human resource of management; Finance management; New trends in management.

UNIT II

Media Management: Concept, Need and scope; Principles of Media management; Media as an industry and profession; New trends and legal issues in media management.

UNIT III

Media Organization: Organizational Structure; Function of various departments; Personnel Management; Financial Management; Audience Research; Media legislation, regulation and governance.

UNIT IV

Print & Electronic media management: News management; Editorial Management; Programme planning and Production; Resource planning and resource structure; Branding & Marketing; Public relations & Advertisement.

UNIT V

Research Methodology: Definition and Objectives, Research Process, Tools and methods of Data Collection, Types of research in Print, Electronic and New Media, Writing Thesis and Dissertation.

Practical

- Visit a media organisation and prepare a media management dairy
- Prepare a case study on management, visiting a small media organisation
- Prepare a media house Journal

5. Media and Communication Management : C R Rayudu
6. An introduction to Research Methodology : B.L. Garg, R. Karadia and F.Agarwal

Model Question 6B12BMC Media Management

3Hrs

Maximum Marks: 40

Part A - Short answer Questions. Answer All. Each question carries 1 mark

1. Define OTT?
2. What are venture capitalists?
3. What is an angel investor?
4. What is media ownership?
5. What is TAM?
6. Define the term 'media concentration'. **(6 X 1 = 6)**

Part B- Short Essay Questions. Answer Any Six, not exceeding 75words. Each question carries 2 marks

7. Write a short note on Merger & Acquisition in Media.
8. Explain in detail the pros & cons of Equity and Debt routes for entrepreneurs?

9. Explain in detail the aspects of Start-Up India policy
10. Discuss the key policies of Government of India for spurring the growth of entrepreneurship.
11. Define human resource management and how does it relate to media industry?
12. Discuss some of the key FDI policies for media industry in India.
13. Discuss how commercialization of news media is a dangerous trend.
14. Describe the business model of digital news media organization.

(6 x 2=12)

Part C- Essay Questions. Answer any Four, not exceeding 150 words. Each question carries 3 marks

15. Discuss the aspects of cross-ownership in traditional media and why it is an emerging threat.
16. Discuss with one example the emergence of a new media body which is working towards building the independent media culture in India.
17. Explain in detail with examples of the new media opportunities available for entrepreneurs in India?
18. Media Economics is concerned with 'how media operators meet the informational and entertainment wants and needs of audiences, advertisers and society with available resources' – Discuss .
19. Discuss the media economics of Newspaper industry.
20. Explain in detail the saga of Financial Times of London in India?

(4 x 3=12)

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks.

21. What exit strategies are available to entrepreneurs?
22. Why do so many small companies fail to escape their initial entrepreneurial phase?
23. Explain in detail how global billionaires are investing in media outlets to bring back the trust in traditional media houses.
24. As a marketing head of your newspaper, what measures would you initiate to rescue your publication from persistent loss due to competition from the online media? Chalk out a plan for profitability keeping in mind that resources are scarce.

(2 x 5=10)

Core Course-13 Animation and Motion Graphics

Semester	Course Code	Hours per week	Credit Exam	Hours
VI	6B13BMC	4+2	3	6

Course Outcome:

1. To understand the principle of 2D animation
2. To understand principles and dynamics of 3D animation
3. To make student able to create 2D and 3D animations
4. To familiarise with various animation software's
5. To develop a better understanding about animation

Unit-1: Fundamentals of Animation

History of animation -types of animation - animation techniques - basic drawing techniques - concepts of visualization - illustration and sketching techniques - basic shapes and sketching techniques - concepts of 2d - cell animation - traditional animation - key frame animation.

Unit- 2: Animation Concept

Animation process development - concept design and development - storytelling techniques - basic script and story board - character design and development - background creation - acting and direction for animation- timing for animation - animated audio and video streaming and editing.

Unit- 3: Animation Production

Introducing 2D and 3D animation software: Blender/Maya/3ds Max / Cinema 4D - creating basic vector shapes using drawing tools – color theory & basics - character creation for animation - timeline and layer concepts - principles and animation techniques - techniques involved in compositing the foreground & background – syncing the audio & video.

Unit-4: Motion graphics

Introduction to Motion graphics- history of motion graphics - visual compositing- keying (green and Blue)- alpha compositing- matte painting- wire removal - Introduction to Adobe After effects – Layers - Compositions - Video standards - camera movements- titling- Particle emitters - Import video and PSD files – Masking - Motion Tracking - Key frame Assistant – Effects - Third Party Plug-in.

Unit- 5: Color Correction

Colour Correction, Features and applications - Colour Correction Filters – Colour Correction Examples - RT Extreme; Rendering and Video Processing; Mixed- Format Sequences - Backing Up and Restoring, Advanced Colour correction with Adobe After effects - Introduction to DI colouring Technology.

Practical

- Student should apply animation techniques they learn in this Unit in a three minute animation short fiction film (Group activity)

Model Question Paper 6B13BMC Animation and Motion graphics

3Hrs

Maximum Marks: 40

Part A - Short answer. Answer All. Each question carries 1 mark

1. is basically a form of pictorial presentation.
2. Multiplane camera was introduced by Walt Disney
3. It refers to simulated motion pictures showing movement of drawn objects.
4. The _____ is a piece of equipment designed to make cartoons more realistic and enjoyable. It uses stacked panes of glass each with different elements of the animation.
5. Name of the first animation film.
6. The father of animation? **(6 X 1 = 6)**

Part B- Short Essay. Answer any Six, not exceeding 75 words, each questions carries 2 marks

7. Write a note on aspect ratio.
8. Distinguish between uniform scaling and differential scaling.
9. What is synchronization?
10. Define the term flicker in video
11. State run length encoding.
12. What is meant by scan code?
13. What is Adobe after effects?
14. What is the name of the programming / scripting language of Flash
(6 x 2=12)

Part C- Essay. Answer any Four, not exceeding 150 words. Each question carries 3 marks

15. What method of animation creates the in-between frames when you create the start and end points of the animation?
16. Explain scan conversion
17. What is a mask in after effects and what is the short key to select the image?
18. What is the function of key frames in After Effects?
19. Write a note on types of clipping
20. Explain aspect ratio. **(4 x 3=12)**

Part D- Long Essay. Answer any Two not exceeding 300 words. Each question carries 5 marks

21. Explain traditional animation
22. What is the difference between impact and non-impact printers?
23. List out the merits and demerits of Plasma panel display
24. Distinguish between uniform scaling and differential scaling.
(2 x 5=10)

Core Course-14 Communication in Theatre and Dramatics

Semester	Course Code	Hours per week	Credit Exam	Hours
VI	6B14BMC	4+2	3	6

Course Outcome:

1. To acquire an overall knowledge of the history of theatre.
2. Students will be oriented towards different kinds of theatre language developed at various points of history.
3. To familiarize and understand post-dramatic theatre languages and its practical implications.
4. To understand theatre and new methodologies of making theatre such as devising and scenography.
5. To understand the power of theatre as a tool for social change.

UNIT 1: Different form of theatre

Short history of World, Indian & Kerala theatres-World:

Greek, Roman, Elizabethan, Asian, Kabuki, Noh theatres. Indian: Sanskrit theatre, Koodiyattom, Natya Sastra & Modern theatre. Kerala: KPAC, G Sankara Pillai, School of Drama, Kavalam school.

UNIT 2: Writing for Dramatic Theatre

Understanding theatre by examining plays:

For reading & evaluation: (1) ***A Streetcar Named Desire*** by Tennessee Williams. (2) ***Tughlaq*** by Girish Karnad.

UNIT 3: Production Techniques in theatre

Direction-Scenography - devising theatre (case study:
Khasankinte Ithihaasam directed by Deepan Sivaraman).

UNIT 4: Theatre for social change

Role of : folk thatre-IPTA-Jana Natya Manj-KPAC-Contributions of K T Muhammed & K J Baby.

UNIT 5: Different form of theatre

Indian methods-Stanislavsky-Michael Chekov-Mayerhold-Brehtold Brecht & Grotowski.

Practical

- Workshop for dramatic writing
- Workshop for acting methods
- Workshop for street play
- Workshop for scenography

Model Question

6B14BMC Communication in theatre and dramatics

3Hrs

Maximum Marks: 40

Part A - Short answer Questions. Answer All. Each question carries 1 mark.

1. Brehtold Brecht.
2. *Theatres of India.*
3. Adukkalayil Ninnnu Arangathekku.
4. School of Drama.
5. KPAC.
6. Noh.

(6 X 1 = 6)

Part B- Short Essay Questions. Answer any Six, not exceeding 75 words. Each question carries 2 marks.

7. Explain Ritual theatre.
8. Describe Natyashashtra.
9. Write main characteristics of Elizabethan Theatre.
10. KJ Baby & Nadu-gadhika.

11. Explain scenography.

12. Write on acting methods of Stanislavski.

13. Elaborate Thanathu Nataka Vedi.

14. Explain folk theatre.

(6 x 2=12)

Part C- Essay Questions. Answer any Four, not exceeding 150 words. Each question carries 3 marks

15. Describe dramatic contributions of Girish Karnad.

16. Write a critical review about the play a 'Streetcar Named Disire'.

17. Write an account on short history of Indian Theatre.

18. Explain major features of Kabuki Theatre.

19. Write on the relevance of IPTA.

20. What is Street Theatre?. Explain.

(4 x 3=12)

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks

21. Write on devised theatre taking cues from *Khasakinte Ithihasam* directed by Deepan Sivaraman.

22. Discuss the power of Theatre as a tool for social change giving suitable examples.

23. Write about Michael Chekov's contributions to theatre.

24. Elaborate Indian Methods of Acting.

Model Question Paper

1Co1 J– BMC: NEWS REPORTING AND EDITING

3 Hrs

Maximum Marks: 32

PART A - Answer ALL questions. Each question carries 1 mark

1. Chief Editor
2. Nick Ut
3. Key hole journalism
4. Leader writer
5. Blurbs

(5X1= 5)

PART B - Answer any Four questions not exceeding 75 words each.

Each question carries 2 marks.

6. News editor
7. AFP
8. Freelance journalist
9. Nut graph style
- 10 Niche readers
11. Infographics

(4 X2= 8)

PART C - Answer any 3 questions not exceeding 150 words each.

Each question carries 3 marks.

12. Describe the advantages and disadvantages of inverted pyramid writing.
13. Explain scope and challenges of newspaper in the digital era
14. What is stylebook? Why is this meticulously maintained in every newsroom?.
15. Examine the role of news photography.
16. Differentiate between soft news and hard news with appropriate examples.

(3X3=9)

PART D - Answer any 2 questions not exceeding 300 words each.

Each question carries 5 marks.

17. Explain the organizational structure of a newspaper.
18. What are the different types of interviews?
19. What are the various sources of news? Give suitable examples
20. What are the basic principles of translation? Elaborate with suitable examples.

(2X5=10)

Second Complementary Elective Course I: 1Co2 C – BMC: Introduction to Computer Application I

COURSE OUTCOME

- 1:** Familiarize with the hardware components and software of a digital computer
- 2:** *Understand the basic idea of Computer Organization and Architecture*
- 3:** Learn basics of Computer Memory and Storage
- 4:** Familiarize with types of software

Unit -I: Computer Basics

Introduction, Computer, Characteristics of Computers, Evolution of Computers, Classification of computers, Personal computer, and workstation, Basic Applications of Computers, Data and Information;

Unit -II: Computer Organization and Architecture

Computer System Hardware, Basic Concepts of CPU, ALU, Registers, Control Unit and System Bus, Components Inside a Computer Cabinet (Motherboard, BIOS, CMOS Chip, Ports and Interfaces, Expansion Slots, Memory Chips, Storage Devices, Processor - Basic functions),

Unit -II: Computer Memory and Storage

Computer Memory Representation, Memory Hierarchy, Basic Concepts of Cache Memory, Primary Memory (RAM and ROM), Secondary

Memory Types (Working principle is not required), Type of Secondary Storage devices.

Unit -IV: Computer Software

Computer Software Introduction, Software: Definition, Categories of Software, System Software, Application Software, Installing and Uninstalling Software, Software Piracy, Types of Software Piracy Preventing Software Piracy, Software Terminologies

Model Question Paper Complementary Elective Course II: 1C02 C – BMC: Introduction to Computer Application I

3Hrs

Maximum Marks: 32

Part A: Short answer.

Answer all questions. Each question carries 1 mark

1. Give two types of secondary memory.
2. The CPU stands for.....
3. Keyboard is andevice.
4. PDA stands for.....
5. The physical components on which the data are stored permanently are called....

(5 X 1 = 5)

Part B: Short Essay.

Answer Any Four, not exceeding 75words. Each question carries 2 marks

6. List out various applications of computers.
7. Explain about SRAM.
8. Write short note about ALU.
9. Why are inputs and output devices necessary for a computer system?
10. Write short note about Open source Software
11. Distinguish between static RAM and Dynamic RAM

(4 x 2=8)

Part C: Essay Questions.

Answer Any Three, not exceeding 150 words. Each question carries 3 marks

12. What are the characteristics of a computer?
13. What are registers in CPU? Name five registers with their functions
14. Explain about different types of ROM.
15. What is Cache memory?
16. What do you understand by software? Discuss its types.

(3 x 3=9)

Part D: Long Essay.

Answer Any Two, not exceeding 300 words. Each question carries 5 marks

17. Discuss various types of computers in detail.
18. Explain about basic hardware components of a computer system with a diagram.
19. What are the types of memories available in the computer system?
How are they organized in a hierarchy?
20. Explain the difference between software and hardware with their definition and uses.

(2x5=10)

FIRST COMPLEMENTARY ELECTIVE COURSE -2

2C03 J– BMC : ADVERTISING

Course outcome

By the end of the course, the student should be able to:

1. To explain core concepts of Advertisement and relate them to real world situations.

14. What are the different radio program formats?
15. What are the responsibilities of a Television producer?
16. What are the basic interview principles?

(3 x 3=9)

Part D- Long Essay Questions. Answer any Two not exceeding 300 words. Each question carries 5 marks

17. What was the impact of SITE on Indian rural audience?
- 18 Describe how the control room of a TV studio is set up and explain how it works.
19. "Reach made radio an instrument of social cohesion as it brought together members of different classes and backgrounds to experience the world as a nation." Discuss.
20. How can broadcast media be used as a tool for national development? How can it lead the nation to some form of change? Elaborate.

(2 x 5=10)

Second Complementary Elective II: 4Co8 C– BMC: Media Software Application -2

COURSE OUTCOME

- 1:** Familiarize with the media software
- 2:** Understand the basic idea of Adobe InDesign
- 3:** Familiarize Adobe after effects
- 4:** Ability to design a multimedia project using Adobe after effects

Unit-1 : Software for Video Editing

Premier Pro or FCP, ratio, resolution, Introduction to software interface, creating project and sequence, timeline, basic cuts, transitions and effects, LUTs, effect window, title graphics, nesting, stabilizer, video formats and extensions.

Unit – 2 : Software for Audio

Adobe Audition, software interface, wave and multi-track view, basic tools, applying audio effects, effect adjustments, audio recording, mixing, gain, pitch, volume, pan, file formats.

Unit- 3 : Software for Basic Animation

An Introduction to Adobe After Effects, The basics of creating projects, compositions, and layers, Importing footage, including video, audio, and still images, Creating special effects using the Effects menu

Unit- 4 : Masking

Creating animation for shapes, objects, and layers, Adding and animating text, Drawing shapes, Animating shapes, Creating and using masks and track mattes, Working in 3D, Using the puppet tools to create animated characters and effects, Extracting and removing objects from layers, Exporting to video.

Practical:

- Creating Video Projects
- Audio Capturing and Editing
- Creating Adobe After Effects Projects
- Radio program production
- Photo editing
- Video trailer making

Model Question Paper
Second Complementary Elective Course 4:
4Co8 C – BMC : Media Software Application -2

3Hrs

Maximum Marks: 32

Part A: Short answer

Answer all questions. Each question carries 1 mark

1. A tool that allows you to batch process files to produce content for any screen from Premiere Pro and Adobe after effects.
2. Which methods could you use to import a single video, image, or audio file into Adobe Premiere Pro?
3. Which option lets you export a single frame from the source Monitor or Program Monitor panel?
4. What is the shortcut key to STOP and PLAY audio?
5. What is the shortcut key to start rendering? **(6 X 1 = 6)**

Part B: Short Essay

Answer any four, not exceeding 75words. Each question carries 2 marks

How to start a project in adobe premier

6. Explain basic file formats of audio
7. What is a composition in adobe after effects?
8. How to export video in after effects
9. Define LUTs
10. Define gain, pitch, and volume **(4 x 2=8)**

Part C: Essay Questions

Answer any three, not exceeding 150 words. Each question carries 3 marks

11. Explain basic cuts in video editing.
12. Explain timeline in adobe premiere.
13. What is a mask in after effects and what is the short key to select the image?
14. What is the function of key frames in After Effects?
15. Distinguish between rendering and. exporting in After Effects

(3 x 3=9)

Part D: Long Essay

Answer Any Two, not exceeding 300 words. Each question carries 5 marks

17. How to create a title graphics? Explain with the help of an example.
18. What are the special effects in adobe after effects?
19. Explain adobe audition software interface.
20. Create animation for shape in adobe after effects? Explain with the help of an example.

(2 x 5=10)

GENERAL AWARENESS COURSE

General Awareness Course-1

3A11-BMC: Readings on Media

Semester	Course Code	Hours per week	Credit Exam	Hours
III	3A11BMC	3+1	4	4

Course Outcomes

1. To familiarize with writings on media & autobiographies of media/film personalities.
2. To get a reading experience on media.
3. To familiarize with media criticism.
4. To know about various genres of writing.
5. To understand different literary narrative methods.

For detailed study and Reading:

Unit 1 :

My Autobiography –by Charlie Chaplin

Unit 2 :
