PREFACE

The syllabus of BA Programme in Sanskrit (Outcome Based Education (OBE) and Choice Based Credit System (CBCS) is being restructured in order to satisfy the contemporary requirements on the basis of the recent developments in the academic field. To provide an interdisciplinary nature to the courses, some areas of studies are developed, changed and/or redefined. The present syllabus focus as student centered. It helps the student community to understand and evaluate the course outcome in an innovative manner.

It is in view with the involvement of restructuring undergraduate courses taken up by Kerala State Higher Education Council in conformity with the National Education Policy of University Grants Commission, the new revised syllabus is being prepared. Kannur University has decided to accept the new approach in Higher Education at the U G level during the academic year 2019-20. Academic discussions were held at the University level and the application methods were finalized in the meeting of the experts, BOS meetings and workshops were conducted to give a final shape to the Outcome Based Education Programme. The objective of restructuring Sanskrit syllabus is to help the students to imbibe India's age old wisdom and cultural heritage in the background of modern global views and trends and bestows them the strength to face challenges in life. The revised syllabus of Sanskrit renders a flexible pattern of choice based credit and semester system and will be in the nature of continuous and comprehensive evaluation.

. The syllabus is designed in such a way that proper motivation is given in the pursuit of knowledge and culture. At the same time ability to comprehensive skill, language proficiency, creative writing skill, research aptitude and literary taste constitute its aim. The restructured curriculum includes topics like Eco-Aesthetics, Environmental studies, Indian Philosophy, Cultural studies and Moral Values which are of contemporary significance. The Generic Elective course is designed in such a way to utilize the valuable practical wisdom contained in the technical literature written in Sanskrit language and insights of personality development mentioned in Bhagavad Gita, Management principles as well as the age old traditions of ancient Indian works. In short the restructuring of the syllabus is meant as the realization of the following aims- character formation, intellectual achievement, achieve breadth and depth of knowledge, enable to face challenges in life and attain self-dependency.

The syllabus of Sanskrit UG Programme offers fifteen Core Courses, four Complementary Elective Courses and one project. And also offers four Additional Common Courses, one each in the first four semesters of B.A / B.Sc Programme, two Additional Common Courses one each in the first two semesters of B.Com and other programme under L.R.P, two Complementary Elective Courses for Malayalam UG Programme in second and third semesters, two Complementary Elective Courses for Hindi/Kannada UG Programme in second and third semesters. The curriculum also offers five Generic Elective Course in the fifth semester for students of other UG Programme and the student has the option to select one among those according to their preference.

Here I extend my sincere thanks to the members of the Board of Studies, all the participants of the workshop and those who have given me support for giving this final shape of the syllabus in Sanskrit for the U G Programme.
